

# THE DEFEAT SHEET!

Let's practice defeating one of your **Unthinkables!** Your goal is to move *Superflex* down to the bottom of your column. You can move *Superflex* down a level by using a strategy to defeat your **Unthinkable** when he pops up in group. If you can take *Superflex* to the bottom level you have successfully defeated your **Unthinkable** for today and you may turn over that **Unthinkable** Card. Good luck!
