Body Snatcher

Good afternoon students. *Superflex* has just reported to us that a new *Unthinkable* is making his way into brains everywhere! Citizens are easily fooled by this *Unthinkable* and often do not notice when *Body Snatcher* makes their bodies walk away from others. When this happens, others may feel worried or confused because it is very unexpected to leave one person or a group of people.

Please read below to find out what he looks like and what other powers he can possess.

-  He gets the person to wander away from others (roll his body away) and not stay with the group or person he is with.
-  May also get the person to turn his body away from the group, not realizing the message he is sending to others.

IF YOU SPOT THIS CHARACTER IN YOUR BRAIN, BE CAREFUL. HE IS ARMED WITH HIS SUCTION HOSES AND CAN USE THEM WITHOUT WARNING.

IF SPOTTED, TRY SOME OF THESE STRATEGIES:

-  **Use your eyes to think** about where your group is or who is talking to you and find the group!
-  **Self-talk:** "Where should my body be?"
-  **Point your shoulders** to the group.
