

Comparing Shapes

Objective: Students will describe how items are similar to each other.

Materials: • None

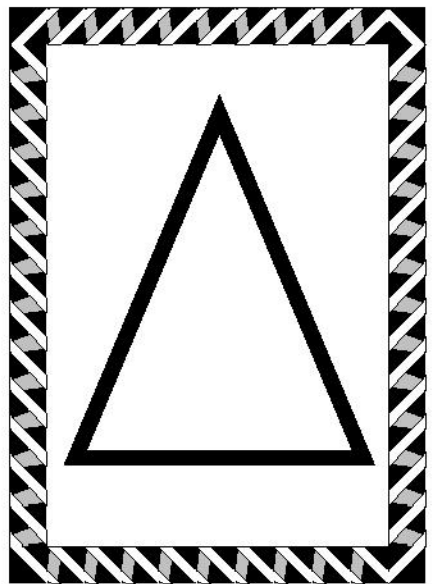

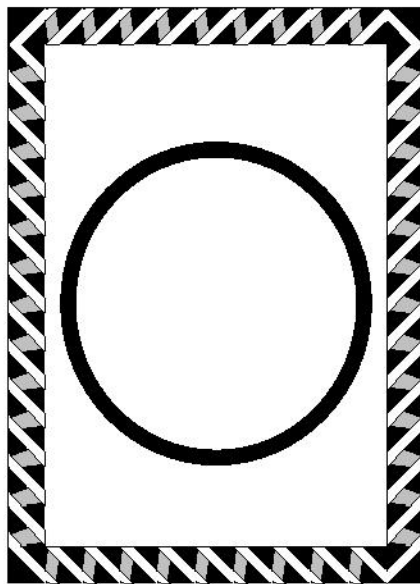

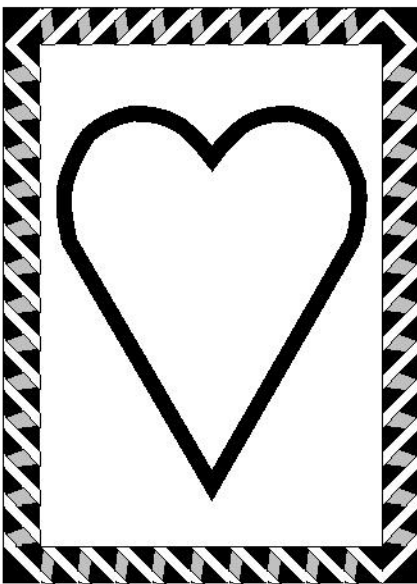

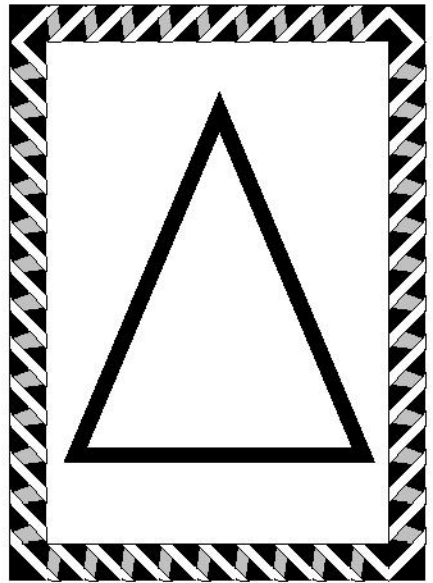

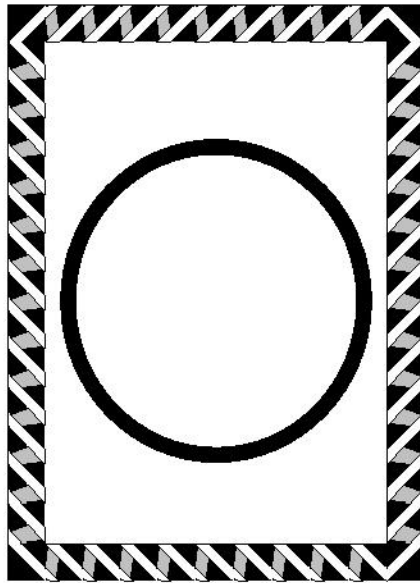

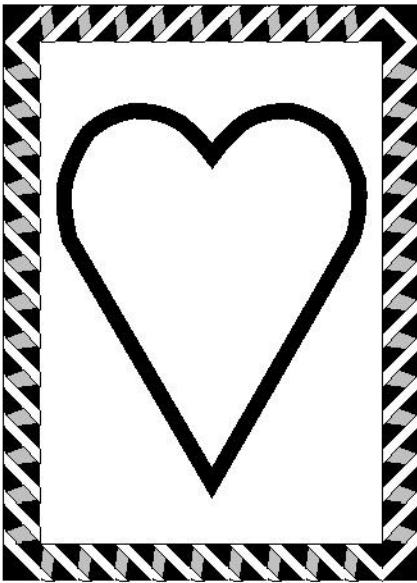

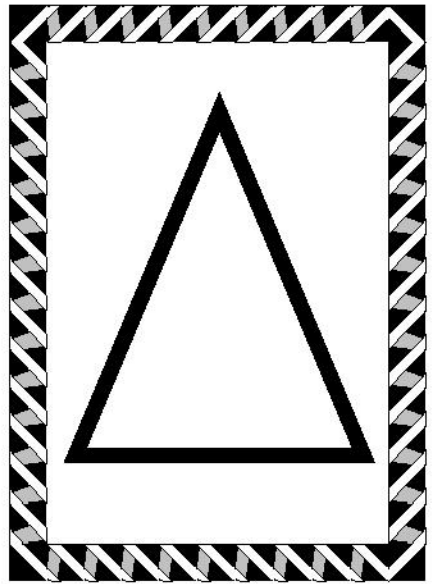

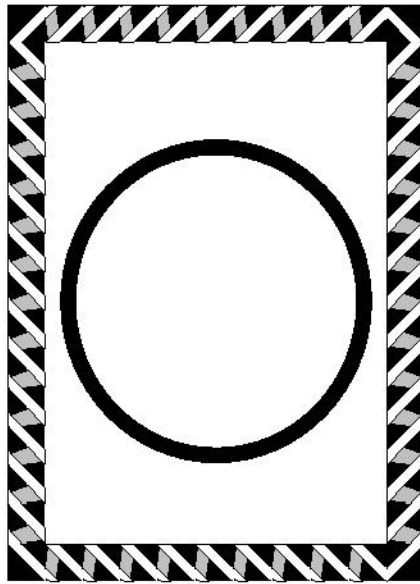

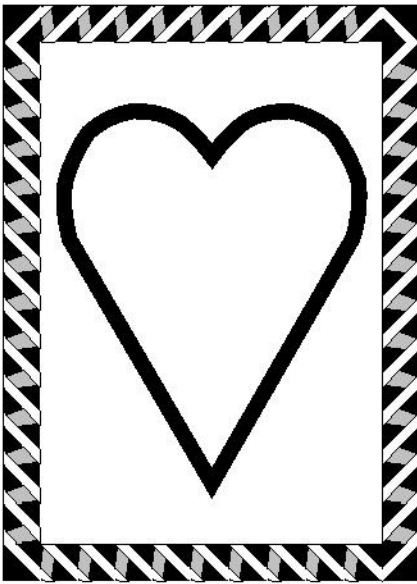

To Make:

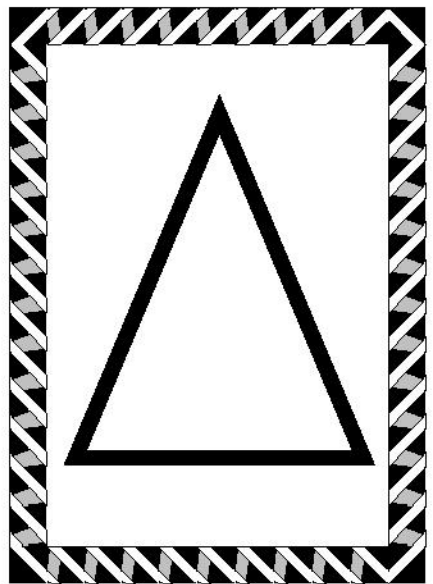

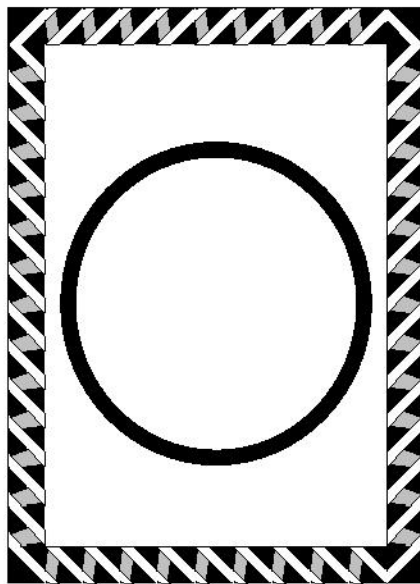

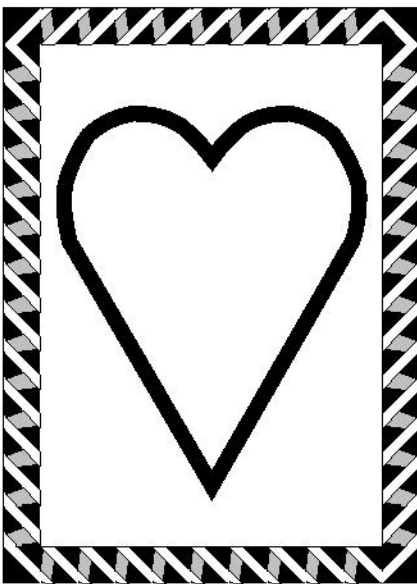

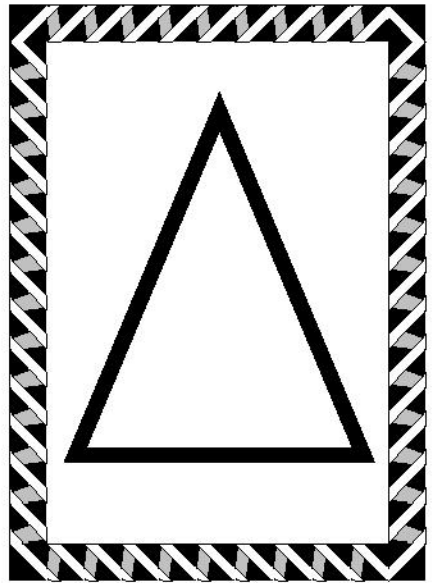

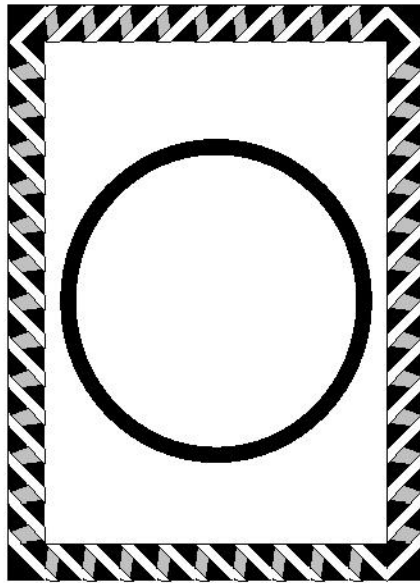

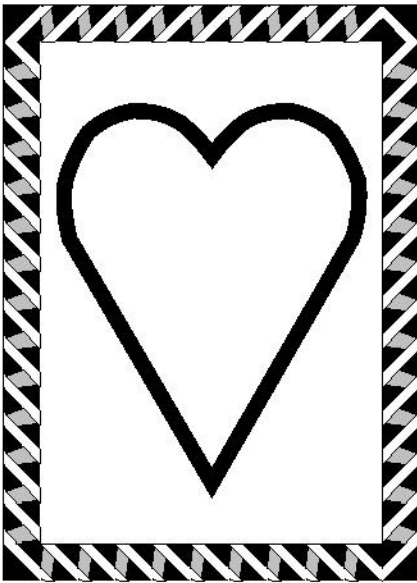

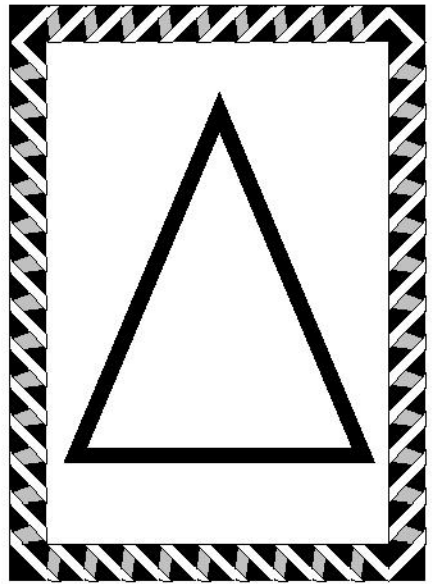

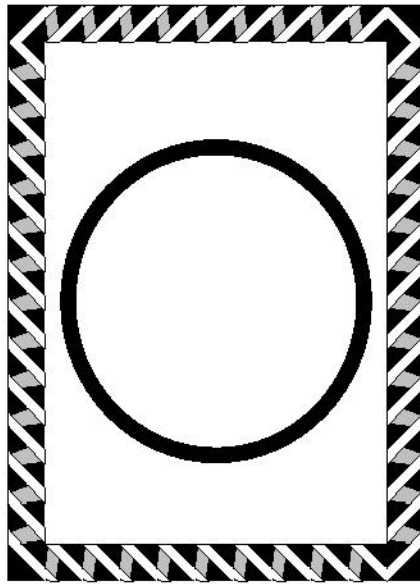

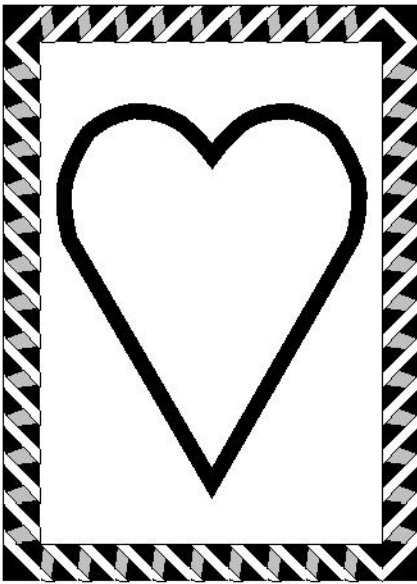

(Everything can be printed on card stock paper and laminated to add to durability or printed on regular paper for quick use.)

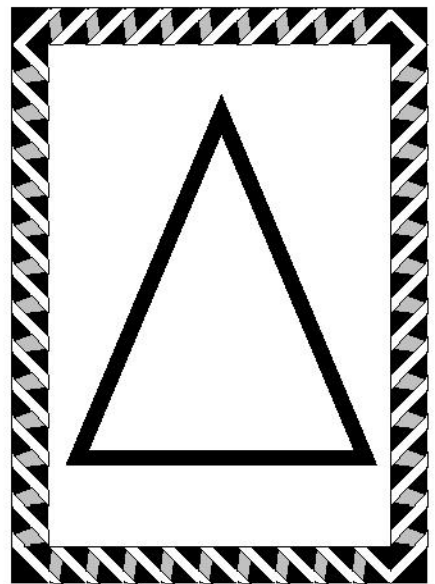

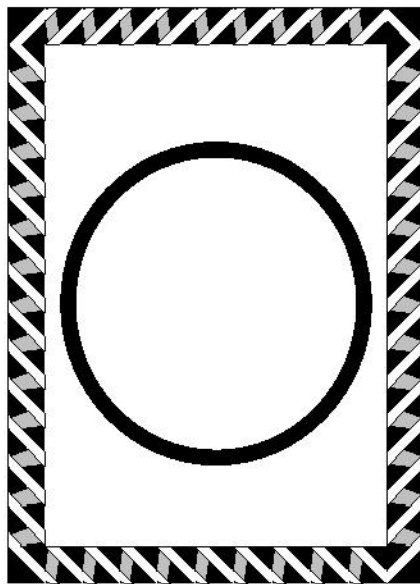

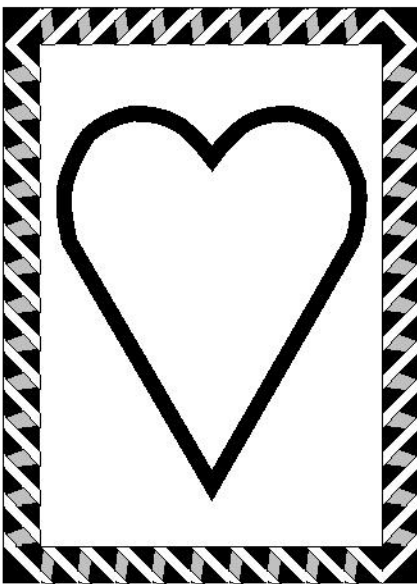

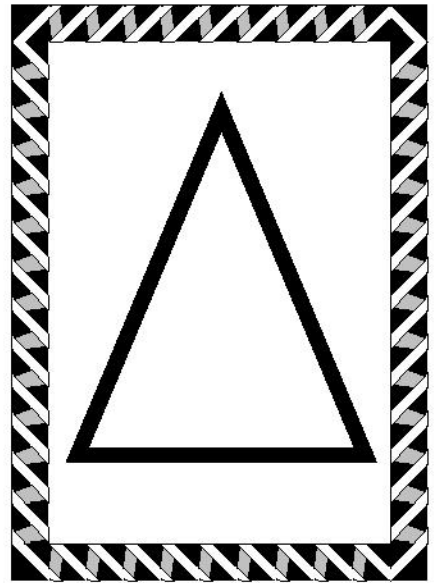

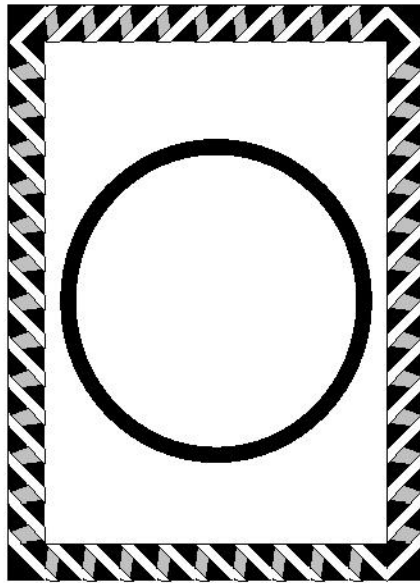

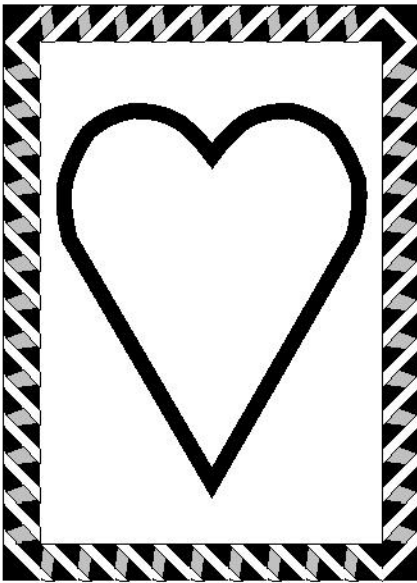

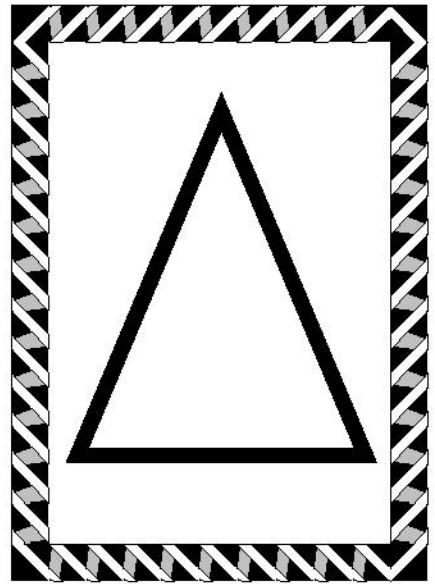

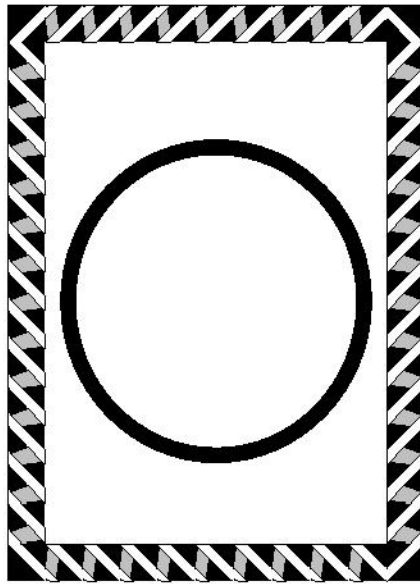

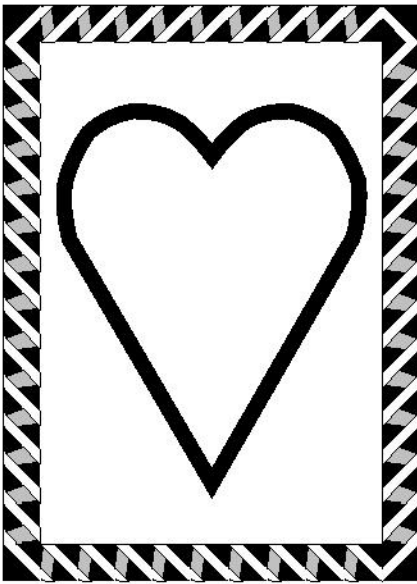

1. Print out entire "Comparing Shapes" activity.
2. Cut out shape cards and place face down in a stack on the table.
3. Keep the "Compare Me" page to read to the students.

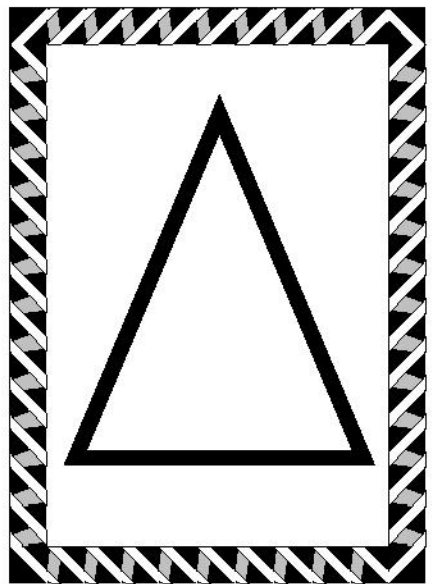

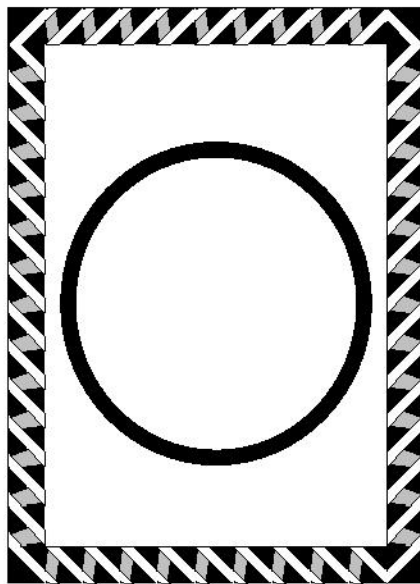

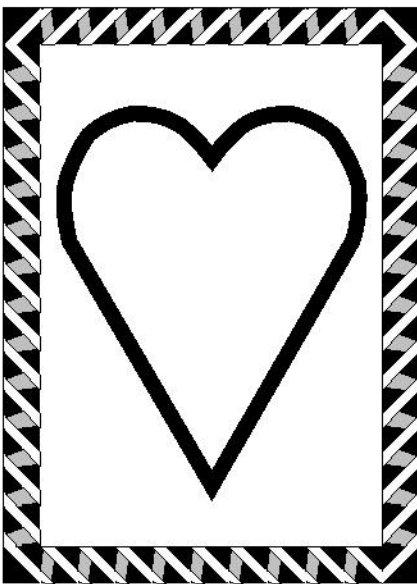

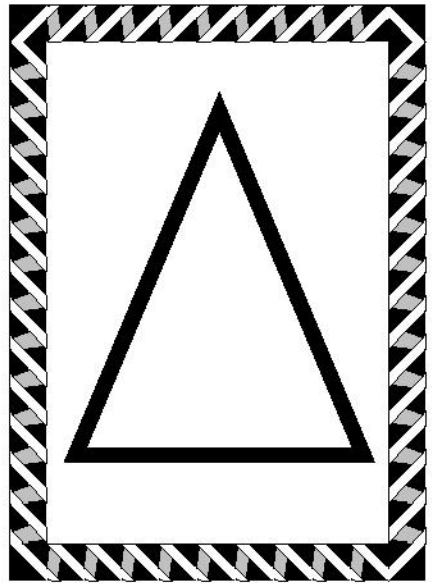

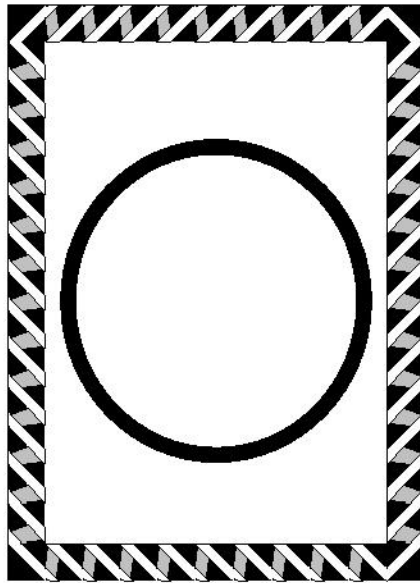

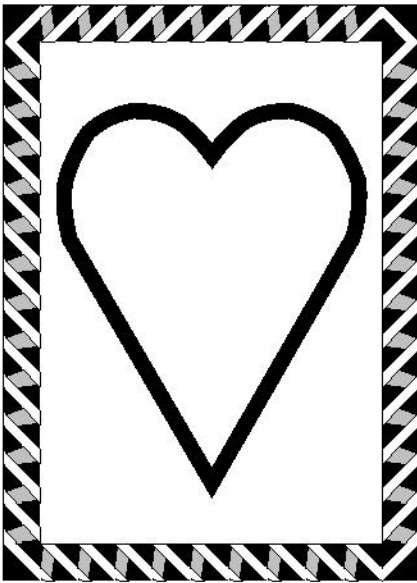

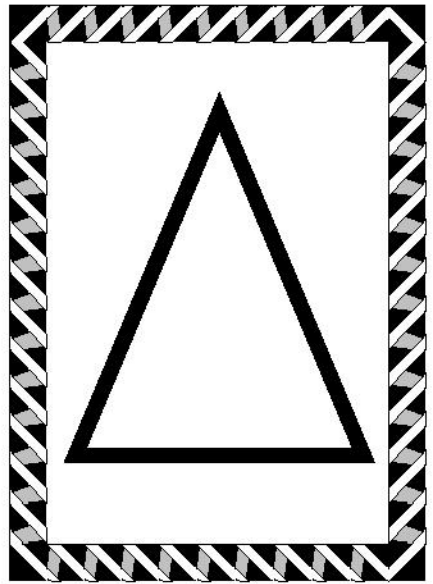

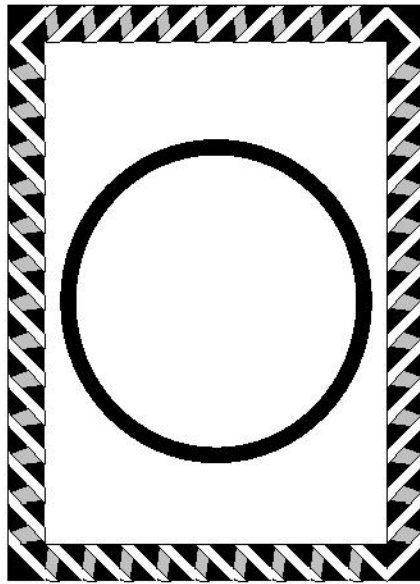

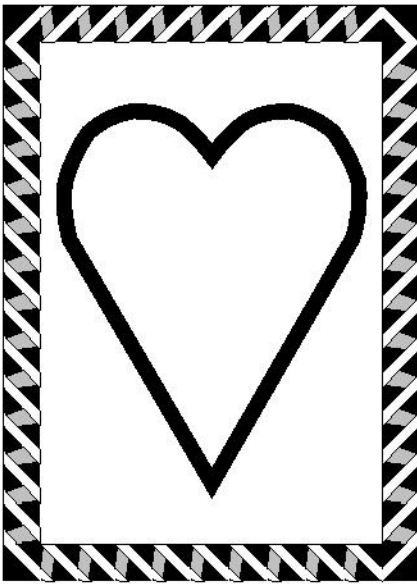

To Play:

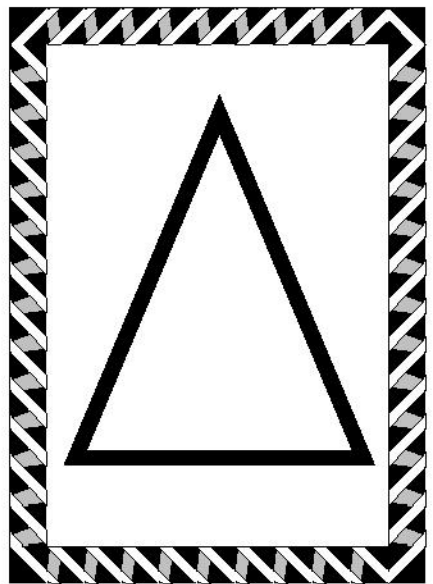

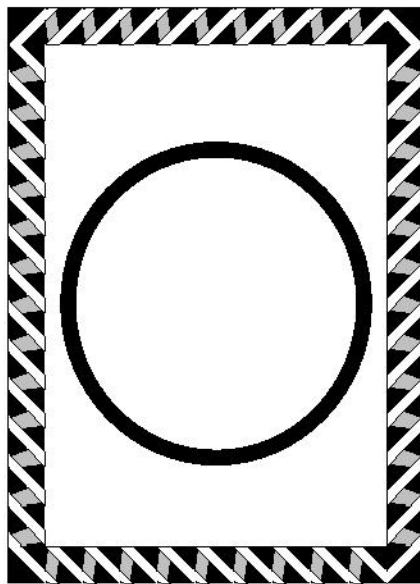

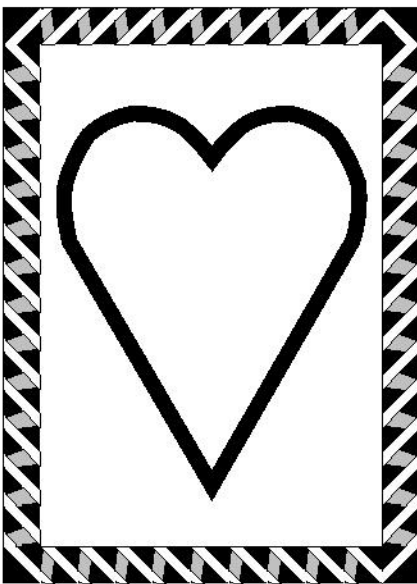

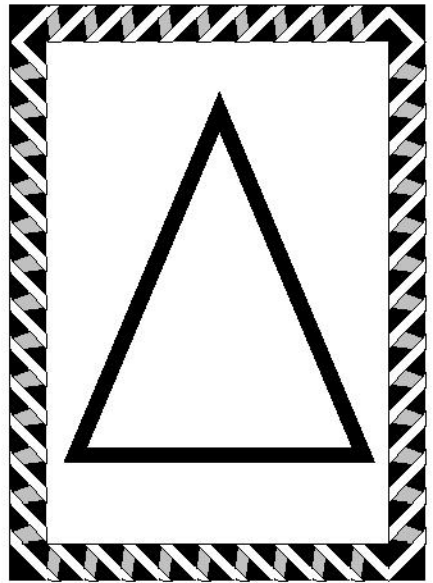

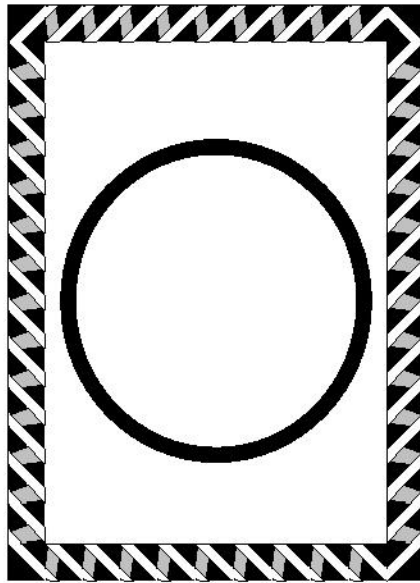

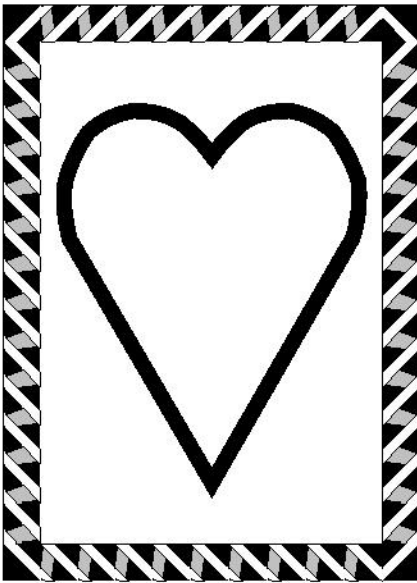

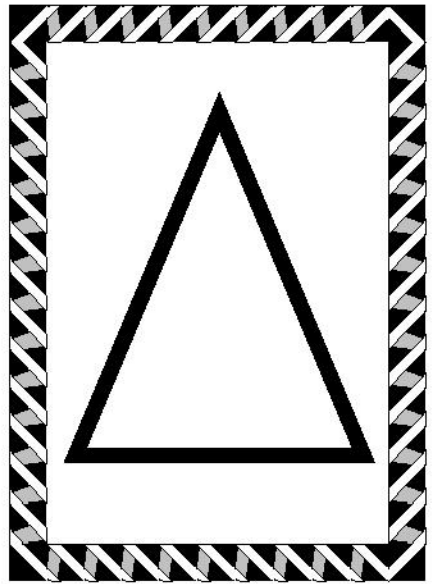

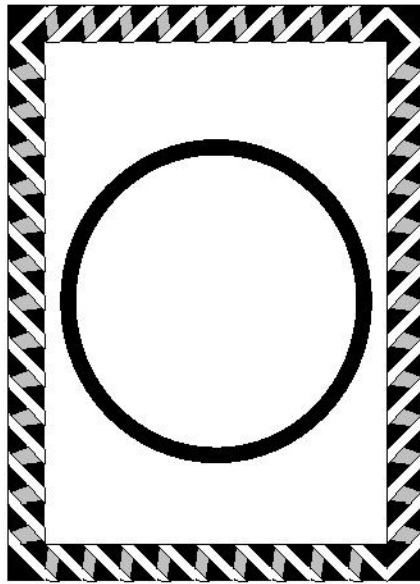

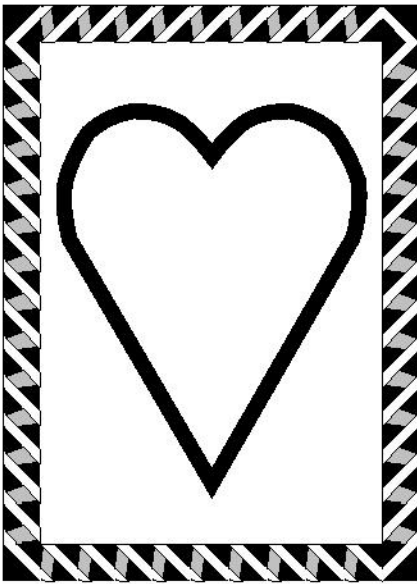

1. Read a pair of objects from the "Compare Me" page and have a student respond by naming 2 ways (you may change the number depending on the student's ability level) the items are similar to each other.
2. If the student responds appropriately he/she draws a card. If the card has a heart on it the student keeps it. If the card has a circle on it the student gives the card to the person on right. If the card has a triangle on it the student gives the card to the person on the left.
3. If the student responds inappropriately he/she does not get to draw a card and play continues with the next student.
4. Continue reading pairs of objects, having students respond, and drawing cards.
5. The game is over when the all the shape cards have been used. The winner is the person holding the most cards.

Compare Me

- bees/butterflies
- chips/pretzels
- tables/desks
- swimming pool/river
- lollipops/popsicles
- stickers/magnets
- teddy bears/grizzly bears
- bleachers/chairs
- homework/chores
- cameras/tape recorders
- eyes/ears
- trumpets/flutes
- baseball/basketball
