

Advanced Synonym Cube

Objective: Students will name synonyms when given specific words.
(The words in this activity are advanced in nature.)

Materials: • Glue

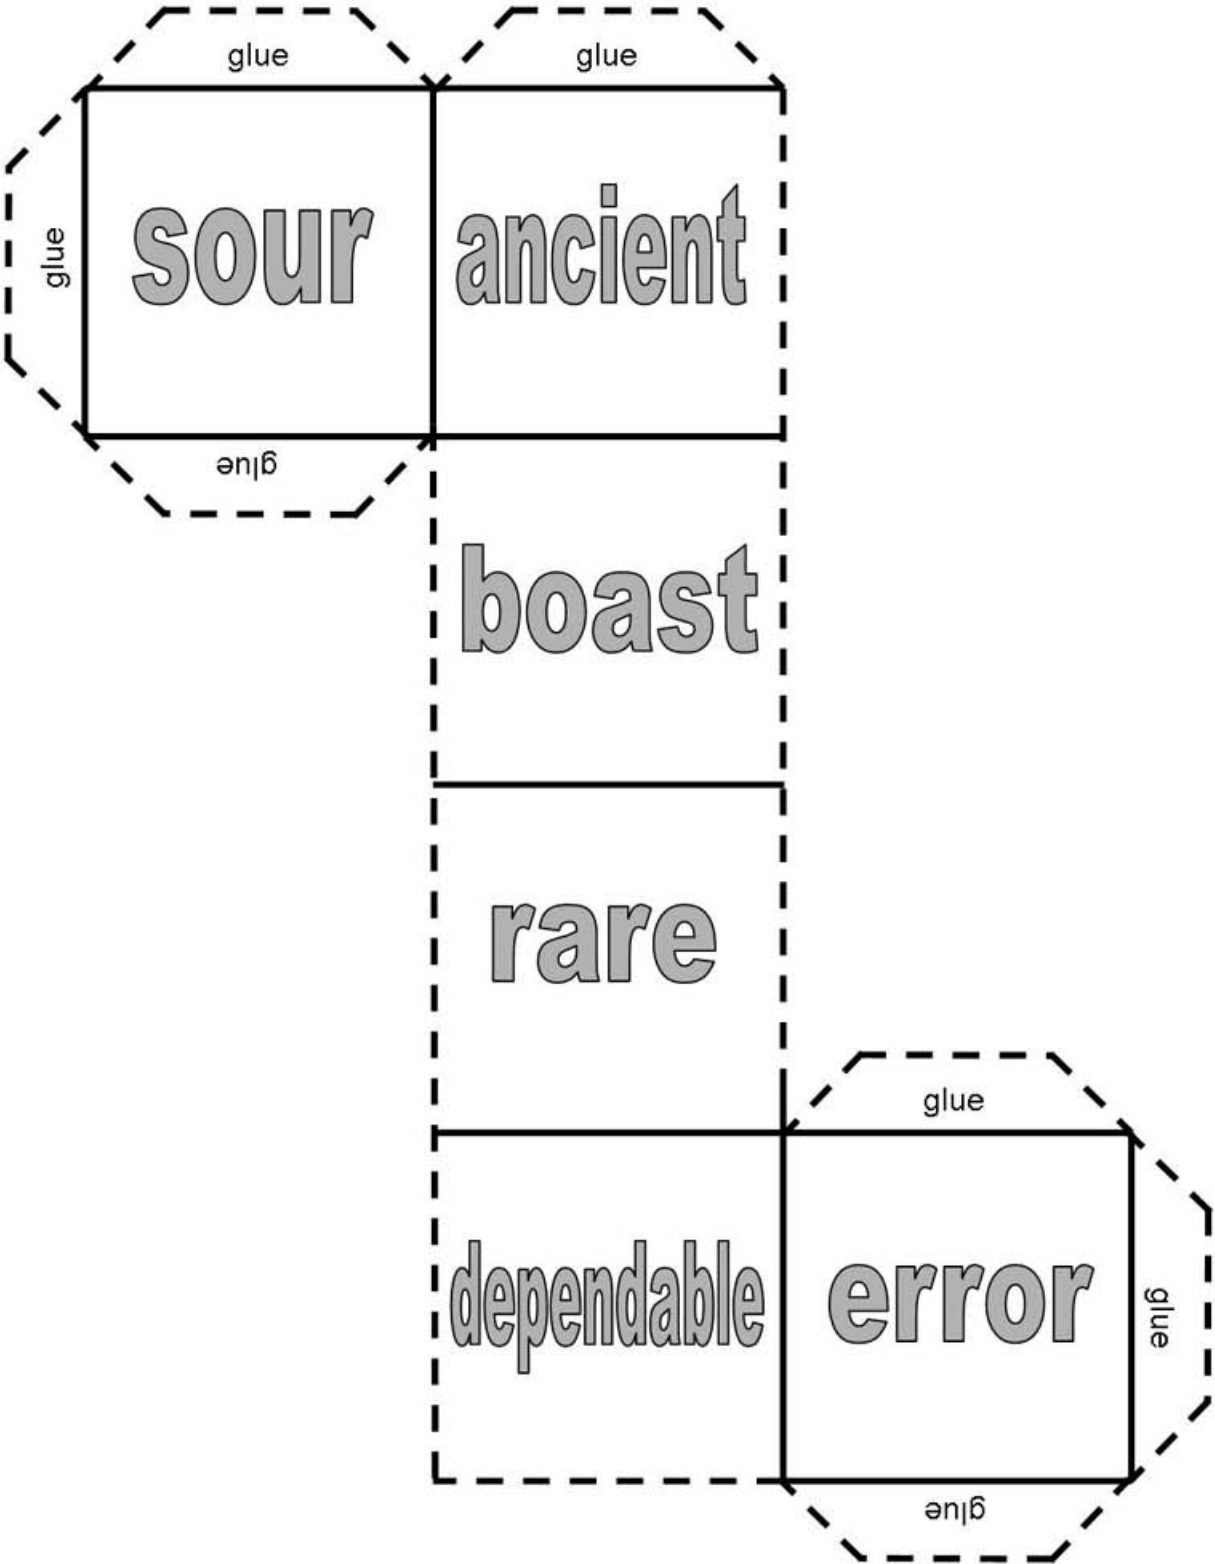

To Make:

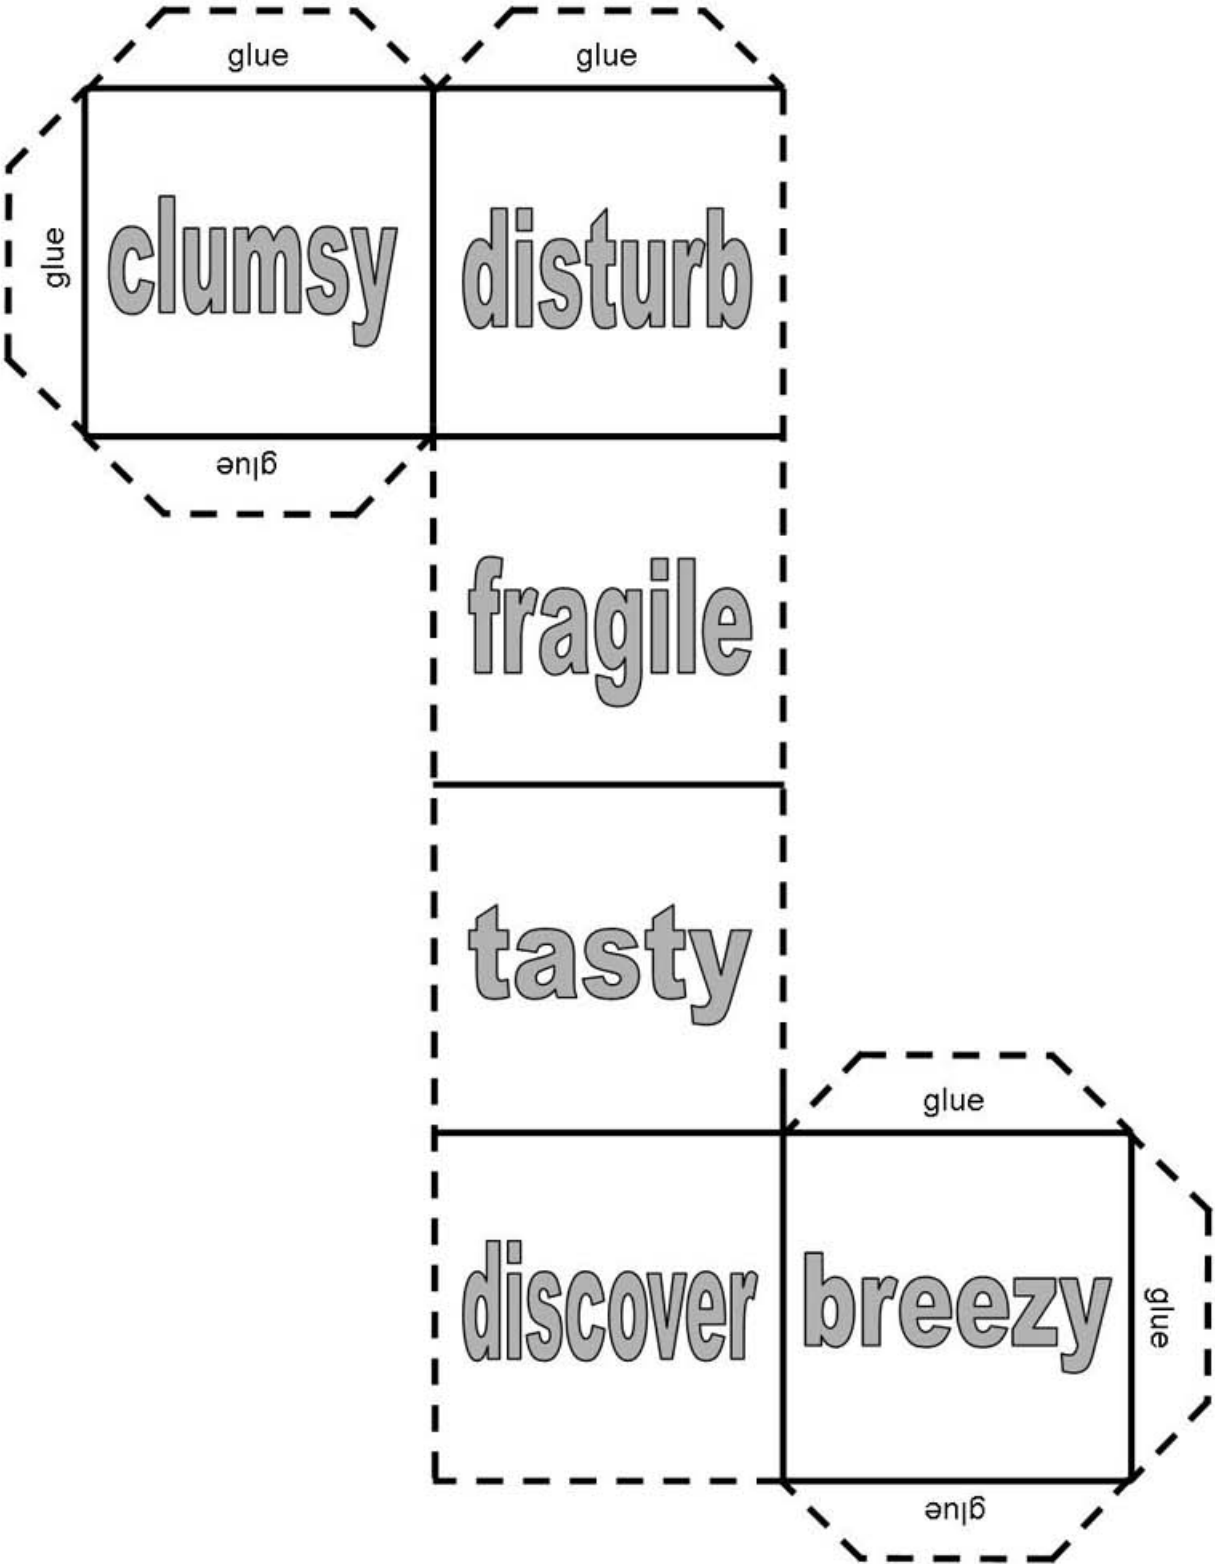

(Everything can be printed on card stock paper to add to durability or printed on regular paper for quick use.)

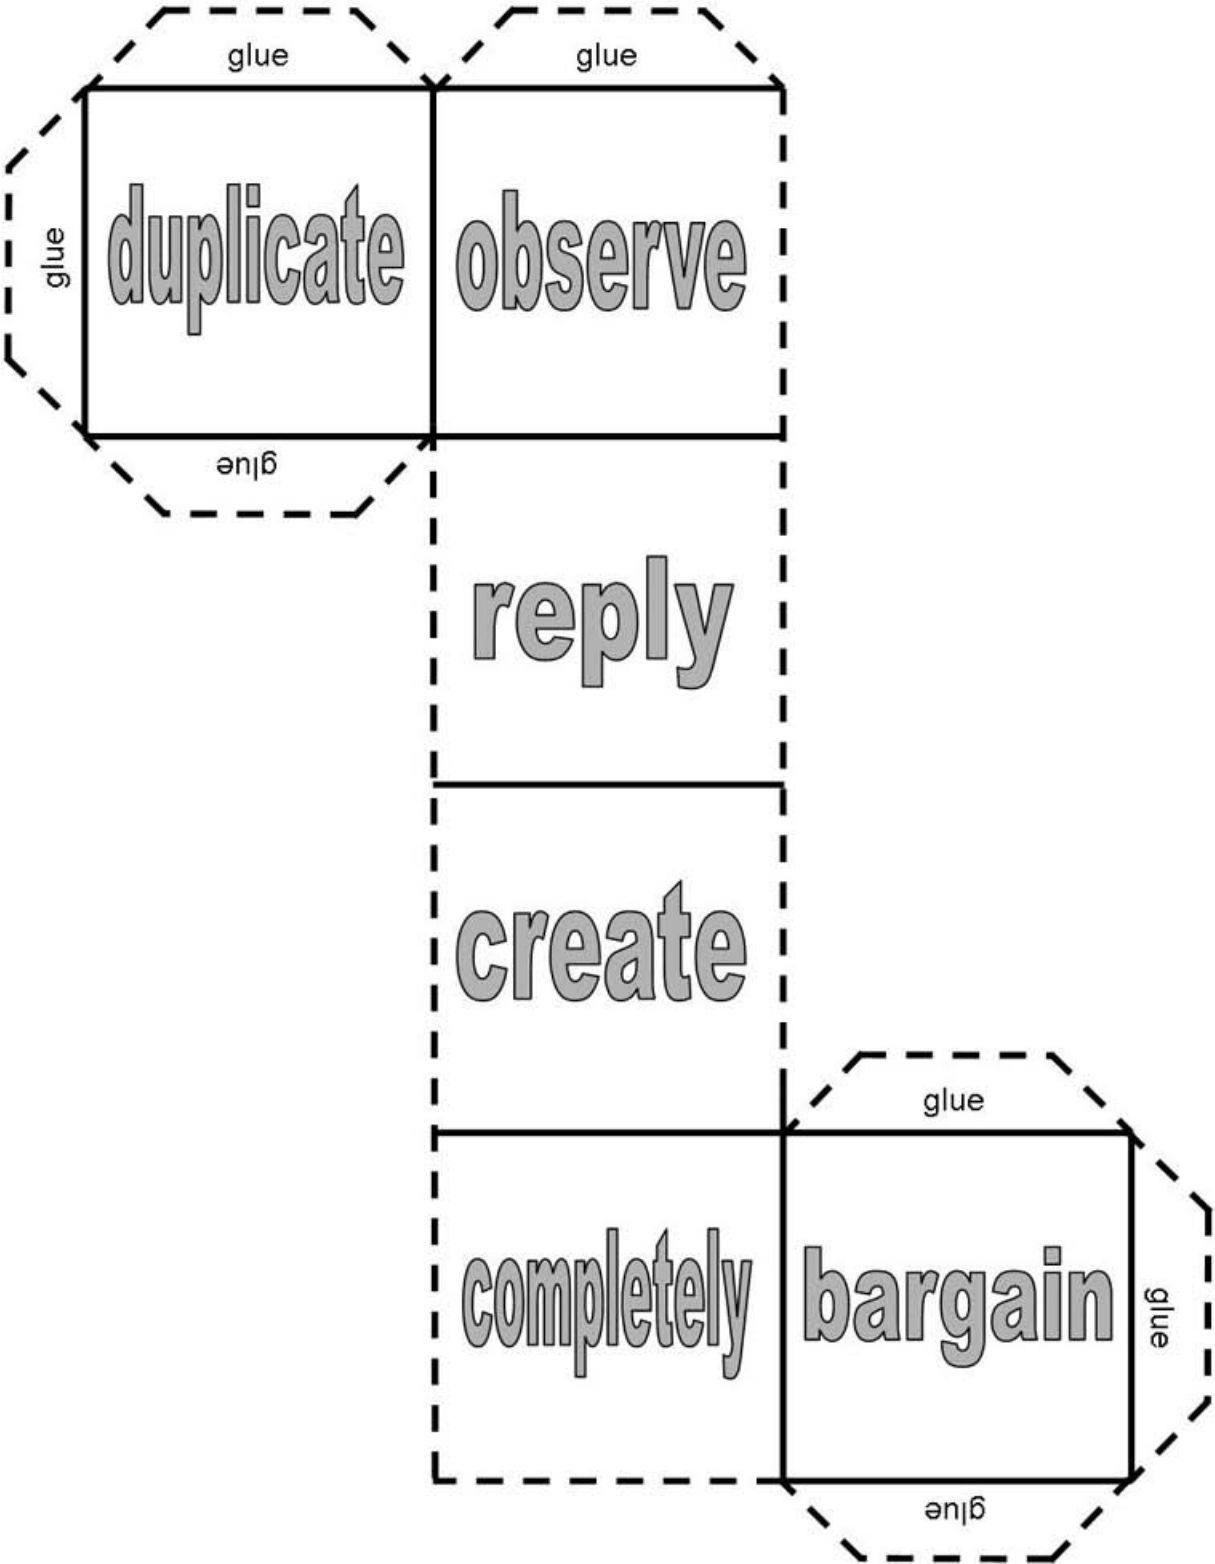

1. Print entire "Advance Synonym Cube" activity.
2. Assemble synonym cubes by cutting along the dotted lines, folding on the solid lines, and gluing the tabs where directed.
3. If you have more than five students playing at a time, you may group them into teams or print more game cubes to accommodate all students. Printing more just means that some students will be using the same game cube.
4. Keep answer sheet for quick reference.

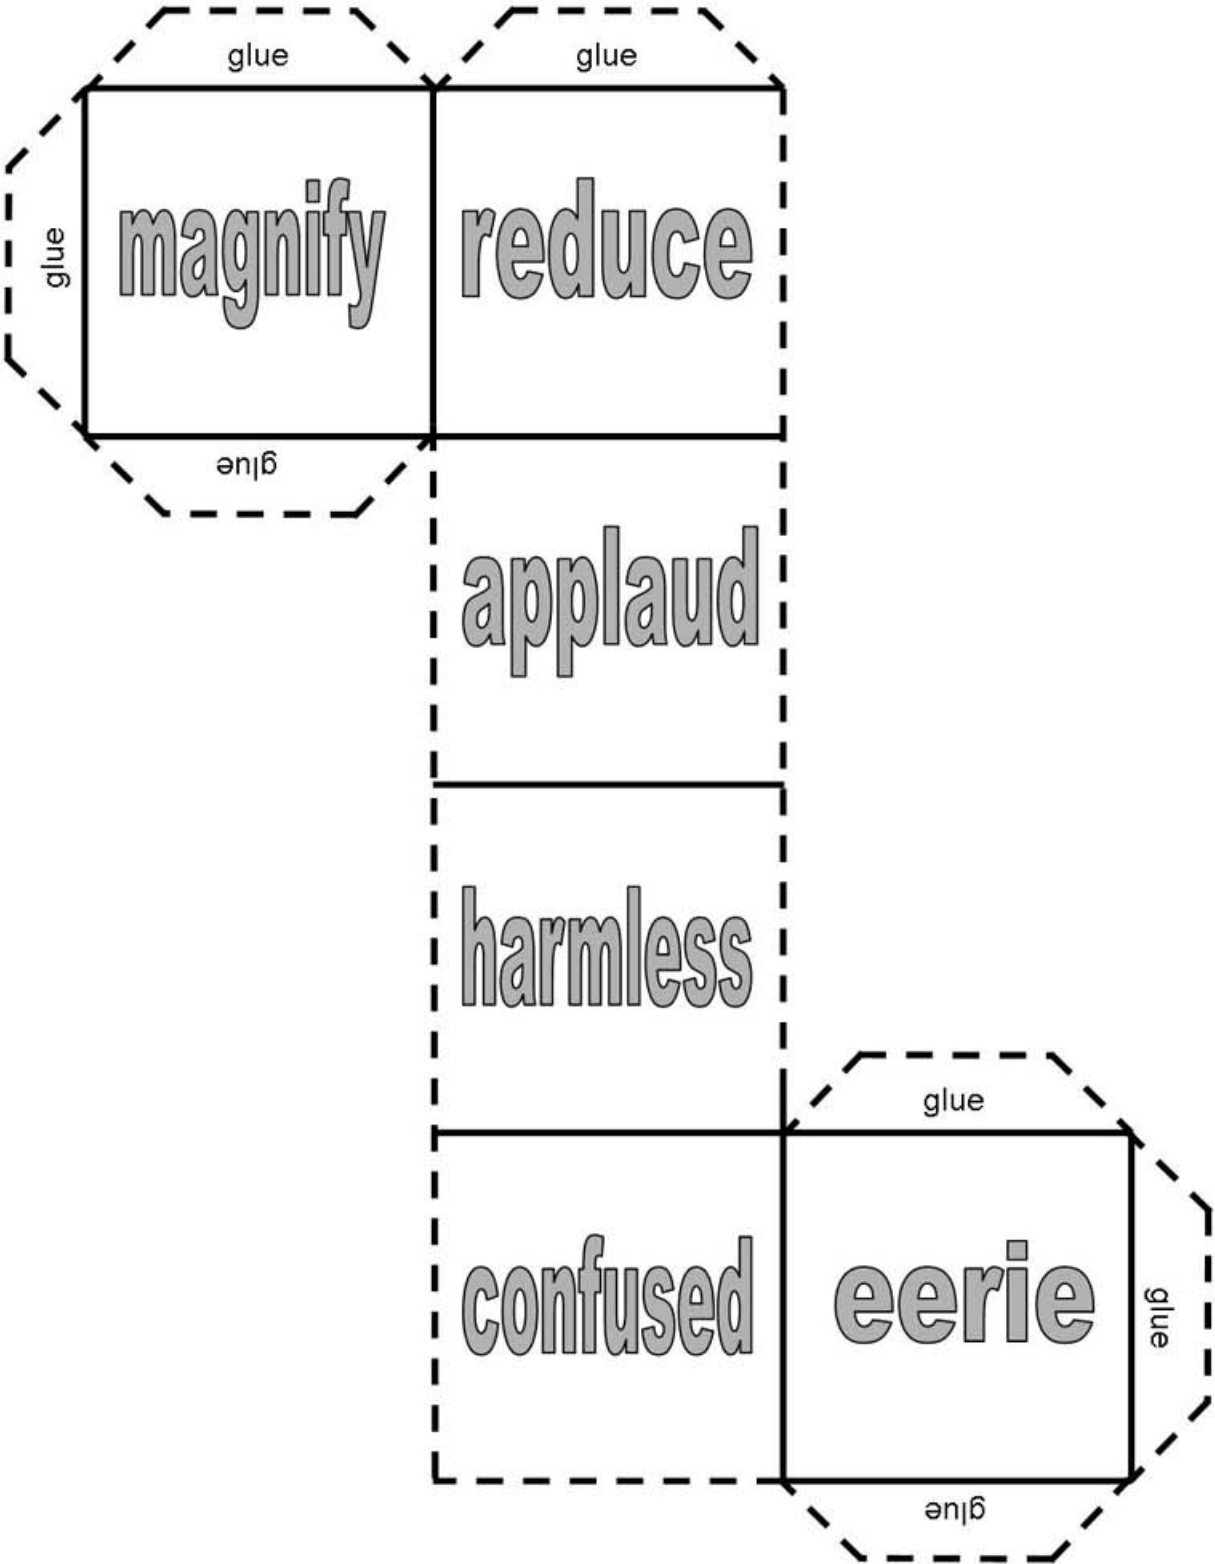

To Play:

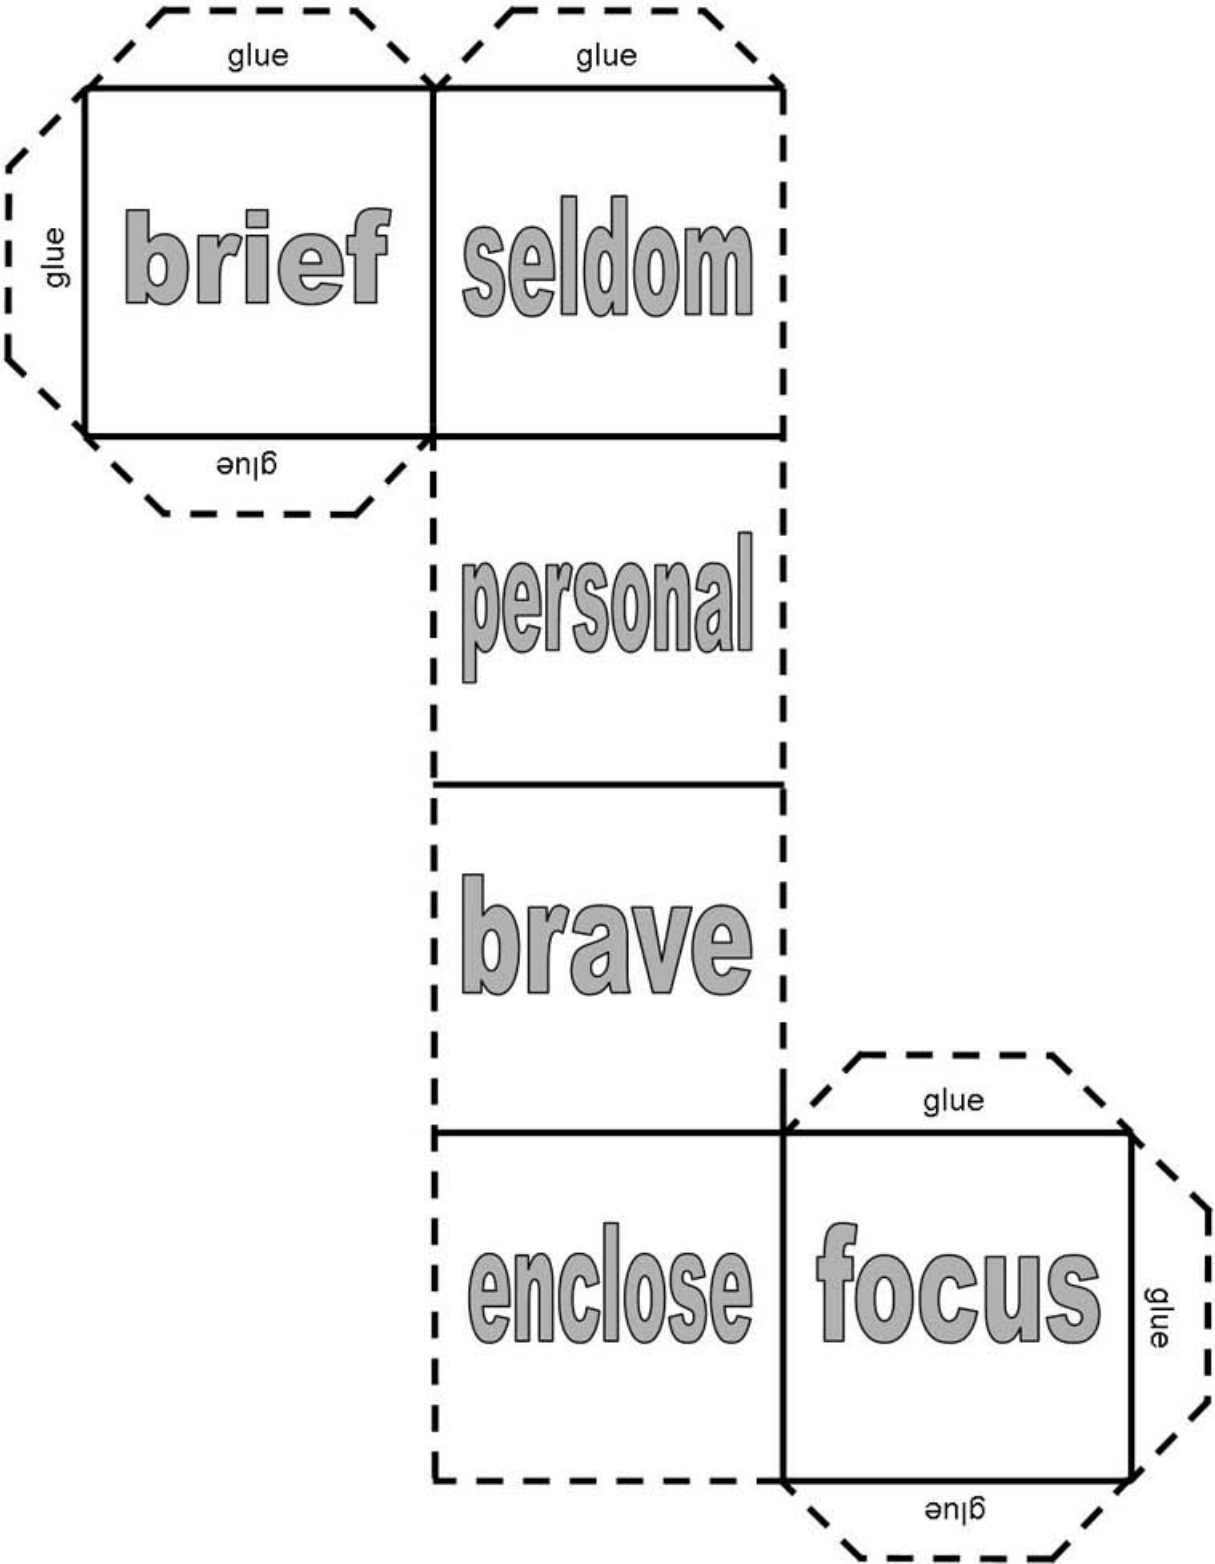

1. Give each student a synonym game cube. Have one student roll their cube. Once the cube has stopped the student will read the word and then name that word's synonym. (If the student has difficulty, you may use the word in a sentence to help assist the student in grasping the word's meaning.)
2. Continue playing by allowing the students to take turns rolling their synonym game cubes and labeling synonyms.
3. The activity is over once all the students have had the opportunity to name all six synonyms on their cube.
